PEOPLE

Well it really is all go and with the run towards summer and of course Christmas. It is time to do your 'busy season' planning, we are taking orders now to ensure things are here on time. Don't delay!

Meanwhile we have more news from our growing Sherpac team.

- Please welcome our new Finance Manager; Eileen. We are delighted to have her on board; she is happy to help you all with account enquiries and she is awesome at getting our office under control!
- Also we have our fabulous new designer; Sinéad. Yes she is Irish! She takes over from Rochelle, who is pursuing her packaging design passion a lot closer to home. Sinead has a fresh perspective on creativity and we are already enjoying her ideas.

The team have also been busy learning new skills like mountain biking and making a great café coffee. Not to mention dressing up in fabulous 1920's outfits to break the prohibition. Fun! Come see our team of really helpful people at the Spring Gift Fair, we are back at stand 2050 in hall 2. We would love to discuss your ideas for bags and get you sorted in time for Chrissy.

All the staff here at Sherpac enjoyed a trip to Altura where we got hands on for Barista training. We learned how to make grind, extract and properly pour great coffee. We made a bit of a mess but we had fun and we now think of ourselves as experts. Thank You to our very patient teacher Mark!
